

appropriate sub-committee to investigate the possible options and make these known to the school community.

2. A survey will be sent to parents of all children enrolled in the school outlining the options. The committee will display the option/s and may indicate their preference and the reasons for this. A majority of returned surveys will determine the community's decision. It should be noted that surveys not returned are not an indication of approval or otherwise and must not be counted as such.
3. The modification/s should be formally endorsed at the next P&F Association or PEG meeting .
